Information for Hybrid Delegates

**On-site Delegates**

# Introduction

---

- Thank you for your interest in the MOM<sup>3</sup> Scientific Conference which is just 6 weeks away.
- As we progress towards the endemic phase and with the reopening of our borders, we are truly optimistic that **our physical experience will transpire this May** and we are all geared up for the **hybrid conference**.
- We remain committed to deliver a state of the art physical experience and to connect with you like in the good old days for a holistic conference experience; which has been missing in the last 2 years.
- We reassure you that strict SOPs will be in place as your comfort and safety remains our priority.

MALAYSIAN OBSTETRIC  
MEDICINE SOCIETY (MOMS)

Persatuan Perubatan Obstetriks Malaysia

# Our Commitment

A limited number of 150 pre-registered delegates will be on-site which is 50% of the capacity of the spacious and well ventilated conference hall.

Delegates will be seated in a “classroom style” with physical distancing. Masking is compulsory, either a N94, N95 or double masking is recommended.

A hygiene kit will be given to all delegates and strict adherence to SOPs are important.

Only delegates who have been fully vaccinated, boosted, screened low risk on their MySejahtera App and remained asymptomatic would be permitted on-site. This includes the organizing committee, technical, secretarial, support staff and speakers.

All on-site delegates are also required to perform a home RTK antigen self test, which is approved by MOH (saliva or nasal) for all three days as to obtain a daily pass prior to entry into the conference hall.

Those who do not fulfil the above criteria would be encouraged to experience the conference on the virtual platform instead and the organizing committee has the final decision as to allow or deny delegates from entering the hall as the safety of our delegates remains our priority.

# Delegates Responsibility

---

- **Update** your MySejahtera App and status as to ensure that you are classified as low risk, no symptoms.
- Ensure that your **vaccination and booster information** are up to date on your MySejahtera App.
- Honestly **declare that you are asymptomatic** and have not been in contact with anyone known to be positive in the last 7 days (from the 13<sup>th</sup> – 22<sup>nd</sup> of May 2022).
- Perform a **daily home RTK antigen self test** (approved by MOH) **within 12 hours of the conference on the 20th, 21st and 22nd of May** and upload the proof of your negative test to conference website after logging in with your personal information as to gain your daily pass and bring this along to the conference.
- Maintain and adhere to strict SOPs at all times and protect yourself and other delegates and masking is compulsory.

# Register Today

Register today  
with a peace of  
mind

**Limited hybrid seats are available.  
Secure them now.**

- Further information will be updated on our conference website and do keep yourself updated.
- It is time for a holistic hybrid experience like never before.
- We look forward to seeing you this May.
